## What to bring to the event

Robot and attachments

Tools, electronical/mechanical parts backup

Engineering Notebook

Team banner, posters, or other decorations for pit space

Gifts to share with others (sticker, badge, 3Dprinting gadget, etc.)

## Let kids do the work!

Always keep a balance between teamwork and coach guidance. Participating and learning are more important than winning. MakeX encourage all the teams to explore, create, share and have fun together!
