

2019 MakeX Robotics Application

Official Registration & Competition Application Guide

Competition Application Process (3 steps)

Step 1 Sign up personal account (by mentor and team member separately)

Visit www.makex.io and sign up.

***Every mentor or team member needs to create their own account.**

The screenshot shows the 'Sign Up to MakeX' page. The navigation bar includes the 'MAKE X' logo and links for Home, Competition, Resources, Information, Registration, Contact Us, and Sign In. The sign-up form includes the following elements:

- E-mail address input field
- Verification code input field and 'Get verification code' button
- Password (6-20 characters) input field
- Enter password again input field
- I agree to abide by the (MakeX platform service agreement)
- 'Sign Up' and 'Sign In' buttons

***Identity cannot be changed once confirmed.**

*Coach/Student should fill in all personal information to make sure application successfully.

The screenshot shows the 'Coach/Mentor Profile' registration form. The form includes fields for First name, Last name, Email Address (pre-filled with 'hat_huang@...'), Passport/ID Number (with a dropdown menu set to 'Passport'), Identity (with a dropdown menu set to 'Coach/Mentor'), Gender (set to 'Male'), Birth Date (set to '199...'), and a Photo upload area. A red box highlights the 'Identity' dropdown menu, and a message below it states 'Identity cannot be changed once saved.'

Step 2 Create a team (by mentor)

The screenshot shows the 'My Team' page. The user's profile information is visible at the top, including the name 'Dino Huang' and role 'Coach/Mentor'. Below the profile, there are navigation tabs for 'My Team', 'My Competition', and 'Competition List'. The 'My Team' tab is active, and a red box highlights a '+' button next to the 'My Team' label. The main content area displays a message: 'You don't have a team yet. Start to create one!' with a 'Create a Team' button highlighted by a red box.

*Please write down your organization name or school name to avoid failure.

*Team name cannot be changed once saved.
